

## Lyons & Company

Born in Chicago and reborn in Tulsa, Oklahoma, Lyons & Company is an emerging group in the American roots scene, blending the soul of rhythm and blues with the grit of Southern rock. Led by front woman and songwriter Bridget Lyons, their signature “honey and gravel” sound captures the warmth of vintage Americana and the raw edge of modern storytelling.

Currently accepted for GRAMMY® consideration in both the Best Americana Album and Best Americana Performance categories, Lyons & Company delivers music that feels timeless—equal parts tender and defiant, smooth and scarred.

Featuring contributions from Andrew Bair, Jake Lynn, Allie Kral, and Claire Kibodeaux, the project showcases a rare chemistry of musical craft and emotional honesty.

An official AmericanaFest and Bristol Rhythm & Roots Reunion performer for 2025 , Lyons & Company brings a high-energy stage performance anchored by classic songwriting and an unmistakable presence.

With songs that pour like honey and hit like gravel, Lyons & Company stands at the crossroads of where heart, heritage, and sound collide.
